104 APPLICATION FOR A CLOSED ROAD TRAVEL PERMIT

This permit is not an approval to drive through flood water.

It is to provide access on sections of the road which are NOT AFFECTED by floodwater, but identified as a closed road due to flooding on another section of the road.

It's important that all drivers obey road closures and weight restrictions. Non-essential travel along these roads often causes additional, prolonged closures and delays.

Do not disobey 'ROAD CLOSED' signs as you may void all insurances in the event of an accident. You may also be fined by Queensland Police Service and lose points off your licence. Heavy vehicles may also be liable for any damage caused to the roadway.
