

Schedule 3— Heritage places of the Boulia Shire

This schedule helps to identify and protect the history and heritage of Boulia Shire for future generations and includes state and local heritage places. Part 11 of the *Queensland Heritage Act 1992* requires local governments to either identify places of cultural heritage significance in their planning scheme or on a local heritage register.

State heritage places are managed and assessed by the state under the *Queensland Heritage Act 1992*. Development proposed on state heritage places may still require a planning approval from council.

Local heritage places not only provide a sense of identity for the local community but reflect the unique history of the Boulia Shire. The places listed below have been included in the planning scheme as they reflect the important historical themes of the shire. Development impacting local heritage places is assessable by council.

The significance of identified local heritage places was assessed using the following recognised heritage criteria:

- (a) The place is important in demonstrating the evolution or pattern of the Boulia shire's history.
- (b) The place demonstrates rare, uncommon or endangered aspects of the Boulia shire's cultural heritage.
- (c) The place has potential to yield information that will contribute to the knowledge and understanding of the Boulia shire's history.
- (d) The place is important in demonstrating the principal characteristics of a particular class or classes of cultural places.
- (e) The place is important to the Boulia shire because of its aesthetic significance.
- (f) The place is important in demonstrating a high degree of creative or technical achievement at a particular period.
- (g) The place has a strong or special association with a particular community or cultural group for social, cultural or spiritual reasons.
